

Isabella Lotus Donaldson

Students of Quinebaug Valley Community College,

I ask you to elect me as President of the SGA for three simple reasons. The first is because you deserve a President who will stand with you. A President who is hardworking, charismatic, and intelligent. Who has extensive experience in both volunteer work, and community service. And enough of a sense of humor to listen to “American Idiot” by Green Day whilst writing this essay.

The second is because, as President, I would like to focus on the activities that see the greatest student responses. On-campus activities that happen during school hours, such as the recent Chinese New Year celebration, are a favorite of mine. And the sizes of the lines I sometimes have to wait in show me that I am not alone in that opinion. Off campus events, such as our bus trips, would not be neglected however, as those also spark a very positive response.

The third reason I ask you to elect me, is because of my background. I am the oldest of six children, because of this, I am able to lead large groups of people in a comprehensive manner. I have a history of praise among my teachers and employers. I am a caterer, and I have a spotless background in a profession where teamwork, and self-direction are the keys to success.

And the final reason, I fooled you, there are really four, is that I am a good listener. I see the responses to suggestion boards around campus. I see, and hear, the questions raised at Q and A's. This is a school with a lot of questions, and a lot to say. You need someone to answer those questions, or find the answers. You need someone to listen to those suggestions. This April I ask you to elect me to be that person. To stand with you. Because you deserve an SGA President who understands it's dangerous to go alone.
