

Jacqueline Dufour

Candidate for President

I am seeking the President position in the QVCC Student Government Association. My goal is to become more involved with my fellow students, to have an even greater interactive campus life, and make it enjoyable for all. The best thing I have done with my time here at QVCC was getting involved. It has helped me discover my interests, meet amazing and talented people, and get the most out of my time at QVCC. For the past two years, I have been involved with SGA. My first year just as a member, and my second year serving as the Representative to the Foundation. I would love to see students grow their relationships with not only their peers, but also their professors through events including both parties. College is more than just attending classes and going home, it is about making lifetime friends and connections. I am seeking this position, not only to push myself further in getting involved, but to encourage others as well.
