

Natalie Ionkin

My name is Natalie Ionkin and I am running for the secretary position of the student government. During my senior year of high school I was the secretary of the club SADD which stood for Students Against Destructive Decisions. Our group met every Thursday after school, we would discuss issues in our schools and discuss on how we would tackle them. Our group would invite speakers to come and speak to our school about anti bullying, anti drugs about making good and positive choices.

My job as the secretary in the club was taking down the minutes for the group, and keeping charge of the paperwork, my job was staying on top of everything the president and vice president didn't get to.

I would like the SGA group to concentrate on activities that expand the community. I would like activities like cultural fairs in which the students could learn more about the world and the different people in the world. I want to also concentrate as a group how we can make college more affordable. These are the kinds of activities that come to mind along with field trips to different places .

I would try to motivate people by encouraging them to step out of their comfort zone that they might find a new interest or hobby, something they might enjoy but it really becomes their choice to take that first step.

Being the secretary in the SGA is a role that is very important and a role that I would be able to fulfill. I am very determined, anything I set my mind to I accomplish and if I say I am going to do something then I will do it because I gave my word. You will not be sorry having me as your SGA Secretary.
