## PRESIDENT'S AWARD

Taylor Lynn Copeland

Given each year at Commencement, the President makes an award to the degree graduate with the highest academic average with at least 45 credits earned in residence at QVCC.

---

## ACADEMIC REGALIA

The mace is used at all occasions of academic ceremony. In medieval times maces were weapons of warfare, but today a mace is a "staff borne by, or carried before, a magistrate or other dignitary as an ensign of his authority." It is the emblem and symbol of the president's authority to administer the College.

Academic costume, like the mace, also represents the medieval origins of universities. At that time mortar boards and voluminous gowns were common items of dress.

The hoods worn over the gowns differ in size for the various degrees and are lined with the colors of the college or university from which the wearers received their degree. Hoods are trimmed with the color appropriate to the degree: maize for Agriculture, white for Liberal Arts and Letters, drab for Business, lilac for Dental Medicine, scarlet for Divinity, light blue for Education, orange for Engineering, brown for Fine Arts, russet for Forestry, purple for Law, green for Medicine, pink for Music, apricot for Nursing, olive green for Pharmacy, drab blue for Philosophy, sage green for Physical Education, salmon pink for Public Health, golden yellow for Science, and citron for Social Work.

Caps are usually black mortar boards with tassels of black or of colors distinctive of the degree, but some universities, especially foreign ones, have other shapes and colors. Gold metallic tassels generally signify doctoral degrees.
